#### 4. General Business:

**02.09.01 Activities Survey:** Lez opens a discussion about the activities survey and explained the results that suggested 99 percent of residents are currently happy with the current programs offered and more anagram and mind games have been implemented to the program as previously suggested by a resident.

**02.09.02 : Activity Program:** Lez asks the residents if they have any other suggestions for the activity's program. A couple of residents mentioned they would like to participate in more music singalongs or karaoke programs. Lez explains to the residents the capabilities of the smart television being able to access the internet for music with singalong/ karaoke programs and ensured them we can incorporate this into our activities programs.

**02.09.03: Garden Project:** Lez explains the new garden project which involves building and creating a garden out the front of the new building, mentioning that while speaking to the residents about the type of garden they would like to see a rose garden was agreed upon. Lez further explains that any residents that wish to donate any roses will have a name tag put on it for them.

**03.09.04: Farm Gate Project :** Lez explains to the residents the concept of the Farm Gate Project involving bringing in small animals into the facility such as rabbits, lambs or other unusual animals and pets from around the community. Lez further explains that the Farm Gate project could also be incorporated into a history group for guest speakers and used an example of topics such as life on the farm.

**03.09.05: New Building Delays :** DON Amanda Lee informs the Residents that unfortunately there will be a further delay with the new building. Mandy explains that in order to receive the Occupancy Permit the fire system is one of many items that needs to be approved. Mandy further explains that currently the water pressure and flow rate is not adequate and to increase the water pressure and flow rate the proposed solution is to install specific
